60 TABLE ONDE

"Onde": a collection dedicated to the mysterious flow of water, a fascinating phenomenon that has always enchanted human beings. Waves move sinuously along the coast drawing constantly varying embroidery-like stretches on the sand. Listening to the vibrations of the sea and the breaking of the waves, we realise that each second moves towards a destination which is still unknown. Everything remains veiled - today will no longer return and tomorrow is unexplored territory.

All that exists happens in cycles repeated over and over to infinity. The end of one marks the beginning of the next and on and on in the eternal flow of life that takes on a rhythm similar to swell: sometimes calm, sometimes stormy, but always in constant motion.

A collection in a quest for perfection. The perfect wave for surfers, something rare and subjective, the constant search for it offers wonderful stimulation. Waves are fast, continuously changing events, normally curved, mitigating sharp edges, always forming different shapes and never lacking in intense allure. We are inspired by nature and UNICA has been as well by using the sea as the centrepiece of this innovative and charming collection.

ONDE

“

*Life is a wave dancing  
on poetic melodies.  
Each wave has a different light. Like the  
beauty of those we love.*

*The world is filled with poetry.  
And as the shore listens to the story of  
the waves, we will listen to the sound of  
our souls.*
